

**Features:**

- Support analog cameras ,PAL, NTSC, SECAM Video format
- With RS-485 datafor remote control PTZ.
- Long working distance, Singlemode fiber up to 20Km (40Km / 60Km / 80Km / 100Km optional), Multimode up to 2Km optional.
- Plug and play.

**Description:**

1 channel Video to Fiber Optical Media Converters -Transmitter and Receiver kit, With RS485 Data Single mode up to 20Km For CCTV Surveillance system.

**Technical Parameters:**

• <b>Data</b>	➤ RS-485 (2 wires)
• <b>Video index</b>	<ul style="list-style-type: none"> <li>➤ Support analog cameras (CVBS).</li> <li>➤ Video Input / Output Impedance : 75ohm ( unbalanced )</li> <li>➤ Video Bandwidth 8MHz</li> <li>➤ Video format compatible PAL, NTSC, SECAM</li> <li>➤ 8- bit linear PCM coding</li> <li>➤ 15MHZ high-speed sampling</li> <li>➤ Video Interface: BNC</li> </ul>
• <b>Optical index</b>	➤ Optical interface : FC (SC optional)
• <b>General Index</b>	<ul style="list-style-type: none"> <li>➤ The usual time between failures (MTBF) greater than 100,000 hours</li> <li>➤ Working voltage : AC100~240V,DC5V2A, plug US/EU/UK/AU optional.</li> </ul>
• <b>Package</b>	<ul style="list-style-type: none"> <li>➤ 1x video transmitter</li> <li>➤ 1x video receiver</li> <li>➤ Power supply adapters (plug US/EU/UK/AU available).</li> <li>➤ User manual</li> </ul>
