

Features:

- 1. Low Insertion loss
- 2. Good channel-to-channel uniformity
- 3. High Reliability and Stability
- 4. Excellent Environmental Stability and Widely Used
- 5. Working wavelength: 1310~1550nm
- 6. Insert loss:16.5Db
- 7. Return loss: 50Db
- 8. Wide Operating Temperature: from -40°C to 85°C

Description:

SC/UPC 1x32 FBT Fiber Optic Splitter 1310/1550nm Singlemode, PLC Splitter Module SM 1M, Box size : 120x80x18mm (LxWxH).

Technical Parameters:

<ul style="list-style-type: none"> • Applications 	<ul style="list-style-type: none"> ➤ FTTx Deployments(GPON/BPON/EPON) ➤ Cable television (CATV) ➤ Local area networks (LAN) ➤ Test equipment ➤ Passive optical networks(PON)
