

UmManaged Industrial Ethernet Switch 5 Eth 1 SFP

P/N : [ITT-SW3939](#)

- 12-36VDC wide voltage range power inputs
- As low as 4 watts load power consumption
- -40 to 85°C operating temperature range
- IP40 protection class with metal housing
- Fanless design
- Level 4 EMC Protection

The ITT-SW3939 provides 5*10/100/1000Base-T electrical ports and 1*1000Base-X optical port. All models are with IP40 protection class and meet EMC industrial level 4 requirements. It provides 12-36 VDC wide voltage range power inputs, DIN rail mounting, wide operating temperature range of -40 to the +85°C. In addition to its compact size for space-saving installation, each product has passed a 100% burn-in test in 85°C to ensure its quality. All of these features make the product ideal for applications that require high-reliability transmission , such as video surveillance, tolling systems, ITS, and factory automation.

Product model	ITT-SW3939
Product descriptions	5*10/100/1000Base-TX+1*1000Base-X(SFP), Unmanaged Industrial Ethernet Switch, Din-Rail and Wall mounted installation, 12-36VDC power input .

Power Terminal

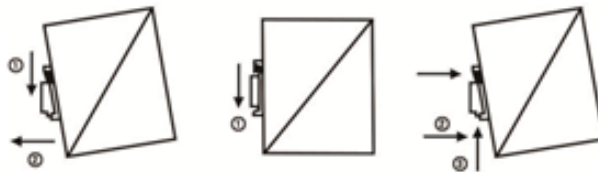

- 5-pin 3.81mm-spacing plug-in terminal
- 12V-36VDC wide voltage input
- P1&P2 dual power input
- Reverse protection

Earth Protection

either grounding terminal or screw

Din-Rail

Wall mounting
